Technical Profile

- React.js
- Node.js
- Express
- MongoDB
- Microsoft Azure
- JavaScript
- HTML
- CSS
- Bootstrap

Competencies

As a software engineer with 2 years of experience, I have specialized in full-stack development on the MERN stack using ES6. With a strong foundation in front-end development, I have consistently delivered responsive and performant web applications. Additionally, I possess knowledge in database schema design and server-side development, enabling me to contribute to all aspects of application development.

Work History

2021-07 -
Current

Associate Software Engineer

Amdocs, Pune

- Developed user-friendly interfaces for an issue tracker and ticket generation platform using MERN stack, improving productivity for end-users.
- Utilized React.js and related frameworks to develop advanced features such as search, filtering, reporting, and task management.
- Developed RESTful APIs using Node.js and Express to handle data exchange between the front-end and back-end of the platform.
- Designed and implemented a scalable database schema using MongoDB, and optimized database queries for faster data retrieval and processing.
- Utilized Mongoose ORM to define database models, and to implement complex data validation and business logic.
- Implemented server-side authentication and authorization using JSON Web Tokens (JWT) to secure sensitive data and endpoints.
- Configured and deployed the application on Microsoft Azure cloud-based infrastructure using Azure App Service.

2021-01 -
2021-06

Cloud Engineering Intern

Deloitte India, Bengaluru

- Engaged in Cloud Adoption projects, working with stakeholders to plan, design, and implement cloud-based solutions.
- Demonstrated ability to develop innovative and effective solutions to complex problems, resulting in improved efficiency and productivity.
- Designed and developed a user-friendly chat-bot

- Development Lifecycles
- Algorithm implementation
- Software Documentation
- Project budgeting
- Testing and maintenance

frontend using Flutter, providing customers with seamless and interactive experience.
